[Redrawers] - Please head over to our HQ

Now  
Thank  
you..

Thank  
you

Sota,  
go play  
somewhere  
else

I see

and  
that  
is  
all  
right

It seems  
like he felt  
after  
being  
scolded by  
a dog..

He could  
even clearly  
answer both  
his full name  
and address..

Sota-kun,  
is really a  
good child

He still is  
really  
trouble~  
Some

Ah, so,  
thank you  
but..

By first  
glance, I  
wonder why  
this person  
looks so  
much older  
me...

His lower lip  
is so long. I  
never noticed  
before. He  
always wears  
glasses and has  
his hands in his  
pockets.

What?

How can  
are you  
talking

Waiter,  
come back  
please

That day, he  
went home  
after helping  
with the  
dishes

Thanks for  
the meal!

You left  
this at my  
house.

No, no  
problem.

Oh!  
Thanks.

Could you  
maybe  
come  
again,  
right next  
weekend  
or something?

So, Sofia was  
saying that...  
he wanted to  
play with  
Mister again,  
Sofia.

It wasn't  
my idea, it  
was Sofia's.

Oh,  
can I?

Yes, I'll buy  
a picture  
book or  
something  
for him.

Because  
we can  
eat  
dinner  
with the  
3 of us

Yeah...

Hello!

Welcome!

Mr.  
Gardner

From  
them

Even though  
he wouldn't  
come once  
in a while

He would  
come a lot  
on days  
without  
school

Although  
it's all  
stuff  
for  
Sena

The room  
started to  
become  
filled with  
stuff that  
Miyamura  
would buy  
for us

Here...

For  
Sota?

Thanks

And then  
it was  
December

For  
Hor-san

Well  
then, I'll  
be leaving  
for today

Huh?  
Mr-Mr...  
Me?

It  
was

Y...  
You're  
not  
shopping  
by?

The first  
time he ever  
bought  
something  
for me and

A  
decorative  
type of  
ring—

This  
beautiful

Hehe...  
Doesn't  
he just  
stop by  
today

Where's  
Master?

Your  
face is  
red—

Stories without an official name... So we can just go ahead and call this file "hor.L01" or whatever, but it's a little different from "Horimya".... And to fill you in, the author knows best of the fact that Sota's face starts becoming more and more distorted throughout the series, but he's probably trying his best despite these dropping temperatures! Probably!!

TH: Haha, that was an interesting read! Although there's tons of obvious similarities, there's also a few noticeable differences between the webcomic and manga XD

I find it interesting that Hori has more of a b\*\*\*\* side to her in the webcomic-- (And the brattier Souta and weirder Miyamura XDxD) but her hard-working side and her tsundere side are still the same~ x3

For those of you who haven't read the manga adaptation of this series, check out Horimiya the manga, also scanned by us :D

(cross promo!)

Comment what you think about this original webcomic on our Facebook Fanpage, twitter, website, etc, and tell us if you want more!

Hope you enjoyed~ ^^
